

ISSUE 2 NEWSLETTER 2025

EMPOWERING YOUTH THROUGH SPORTS DEVELOPMENT

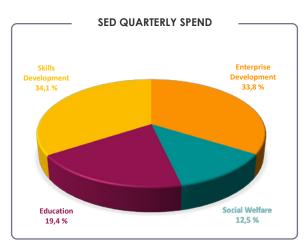

In partnership with the Ramotshere Moiloa Netball Local Association, we proudly rolled out exciting netball initiatives that build skills, create opportunities, and bring our communities together.

This year's focus included Netball Umpire Training Courses, a competitive Netball League, and an awards ceremony to recognise excellence. The aim is to strengthen local structures, equip participants with accredited qualifications, and open doors to professional opportunities.

These activities form part of our ongoing Sports Development Programme, which we

launched in 2023 to inspire unity, healing, and purpose, particularly amongst young people.

Now in its third year, the programme continues champion healthy living and personal development through the power of sport.

ONGOING HEALTH SUPPORT FOR SCHOOLS AND COMMUNITIES

As part of our ongoing commitment to community well-being, we've continued to roll out our Mobile Health Clinic Programme, which is one of our key flagship initiatives aimed at promoting holistic health in our beneficiary areas.

provided programme primary healthcare screenings to both learners and community members, within the Ramotshere Moiloa Local Municipality Wards 15 and 16. These included oral, vision, and general health checks, as well as age-appropriate health education covering a range of wellness topics.

This year's beneficiary schools included Stinkhoutboom Primary, Henryville Primary, Mhapa Primary, Sefatlhane Primary, and Ikageleng Secondary School, as well as the Mmamokete community.
